programming languages

♥ Kotlin, Java
Groovy, JavaScript
CSS3 & HTML5
Python, C

skills

♥ Android
Spring, RxJava
Plugin development
(eclipse, intelliJ)
Git, Gradle
Sonarqube

selected projects

PostWrap

[play.google.com/PostWrap](https://play.google.com/store/apps/details?id=com.postwrap) - Poster Maker

An android app that instantly transforms plain text into a poster. This is a pet project of mine and the app has been downloaded over 500K+ times and has a 4.4 star rating.

Pikolo

github.com/Madrapps/Pikolo

An android color picker library that could be customized any way we want.

EyeDropper

github.com/Madrapps/EyeDropper

An android library to pick colors from any image loaded in an ImageView or anything drawn on a Custom View.

AsyncQuery

github.com/Madrapps/AsyncQuery

A small utility library for android that supports bulk insert operation that's missing in the default AsyncQueryHandler.

Handlebars Support

[plugins.jetbrains.com/handlebars-support](https://plugins.jetbrains.com/plugin/10000-handlebars-support)

An IntelliJ IDEA plugin that associates Java/Kotlin files with Handlebar files (.hbs) and enables find usage, go to declaration, etc.

experience

2015 – Now **athenahealth**

Perungudi, Chennai

– Worked in *athenaText*, a messaging app and *Epocrates*, a mobile medical reference app. Developed reactive modules using LiveData and RxJava, and did TDD using JUnit, Mockito, Espresso and RoboElectric.

– Currently working in a project (Spring Boot + Kotlin) that helps serve patient information in the HL7 format (CCDA) via multiple APIs.

2012 – 2015 **Tata Consultancy Services**

Siruseri, Chennai

– Worked in developing Easy Banking and Hello Bank!, two mobile apps for BNP Paribas. Won multiple awards like *star of the quarter*, *on the spot* for process improvement and automation.

– Developed multiple backend services for the mobile and web client using IBM Banking Transformation Toolkit (Java/XML) for BNP Paribas.

education

2008 – 2012 **Bachelor** of Engineering

Velammal Engineering College, Chennai

Specialization in Electrical and Electronics

interests

professional: web design, mobile app creation, vector illustration, 3D modeling, writing plugins for eclipse and IntelliJ IDEA **personal:** sketching, origami
